On June 6th, 2007 at the Banquet Dinner, Sal Anicito was sworn in as First Vice President.

Rob Hogan won the election of Sergeant at Arms to remain Sergeant of Arms.

Meeting at Tradewinds Resort following Closing Ceremonies Meeting called to order at 0905 hours by President Stripling

OLD BUSINESS

Stripling turned over to Past President Sapp for a few words.

Sapp thanked the Board for their help for the success of the Conference. Sapp also thanked Dale Crosby for the behind the scenes help.

All Board Members present gave a few words about the Conference. Only some in these minutes will be recorded. Most things not in these minutes were just positive things about the Conference that were the same as other members present.

Crosby- Best Board we have had in a long time, conquered all obstacles faced.

Anicito- Need more attendance

Taylor- All Board members need to mingle with all DARE Officers attending to make them feel welcome and a part of the DARE family

Hogan- Better communication with Board, possibly just need briefings each day

Greene- Instructor from Martin Co. was great, pleased with all classes

Long- many people asked her questions at Conference and she did not know.

Brooks- Best Conference he has ever been to

Stripling- always recognize Crosby and Sapp as Past Presidents

NEW BUSINESS

Bowers spoke about money received, registration, fundraisers, and expectations for meetings.

Stripling advised that tele-conferences are neat, but does not really like it. Wants to have face to face meetings as much as possible. Bylaws state that the Board is to meet quarterly, but would like us to meet every two months if feasible.

Stripling is urging that District Reps attend to conduct business and make official. Would like to have a little business at each meeting every two months to avoid numerous hours worth of meetings, and not have as much business to go over.

Meeting is set for August 25th, 2007 at the Altamonte Springs Hilton at 1100 hours.

Stripling wants to still continue to combine FDAO with FASRO and FCPA. We are fighting amongst each other and we can all help everybody out. We can take other classes that just DARE.

Sapp advised that there still seems to be some competition between FASRO and FDOA, and we are SRO's first. We can keep our integrity and have strength of numbers. Things that would be cheaper at Conferences would include: rooms, rates, and food. This would be set up similar to a University, basically called a school safety symposium.

Crosby advised that we should set up a booth at the Florida Police Chief's Meeting and Florida Sheriff's meetings to show the training we provide at conferences.

Stripling will send everyone an email to stay in contact with people and anything going on in the community which will be put on website.

Hogan made motion to adjourn the meeting.

Stripling seconded the motion.

Motion carried.

Stripling adjourned the meeting officially at 1025 hours.
